Subject: **BRIEF OF EVIDENCE: SINGLE MATERIAL STATEMENT OF FACT:** CRIMINAL CHARGES TO BE LAID AGAINST Brett Sutton Chief Health Officer

Vincent Rizzo Detective Senior Constable 40491
Moreland Crime Investigation Unit Victoria Police Australia

Mr. Rizzo;

Pursuant to the message under, I draw your attention to new material evidence that there is ONLY one (1) statement of fact required for Criminal Indictment in this Criminal Fraud by Chief Health Officer Brett Sutton.

MATERIAL STATEMENT OF FACT: QUOTE: “For ‘ANY; Pandemic, A virologist MUST provide evidence of a new-novel virus existing and MUST demonstrate this virus causes disease” : ENDQUOTE.

Under 59 Freedom Of Information responses from Global Chief Health Officers, (including Tasmania attached); **there is no global scientific-virology-medical-scientific paper produced ‘WHATSOEVER’, describing the Isolation and Purification and Characterisation of ‘ANY’ SARS-COV2 Virus from ANY human being anywhere in the world with an ALLEGED Covid-19 infection.**

Brett Sutton, has lied, (prima facie perjured [Coate Inquiry](#)), committed criminal acts of False and Misleading Reports and Information, Interference with the exercise or performance of an Australian democratic or political right or duty; and the Constitution or a law of the Commonwealth and Misfeasance In Public Office.

Your fellow Australians know you are aware that 99.973% of ALL people 'alleged' to have contracted this 'alleged' virus suffer only mild Flu and fully recover; AND Sutton declares the 'Deadly Delta Variant' where there has been ZERO deaths in our 25 million population for the past eight months! Deadly, means people are dying! None are!

After witnessing this official 'Brief of Evidence' you now receive, you are bound by law to provide me with a statement that you will or will not investigate CHO Sutton as I have claimed; failure to do so will find you inter alia, in breach of your statutory office duties where criminal penalties apply.

Mr. Rizzo;

Pursuant to the message under; I require your confirmation by close of business 14 June 2021 that you are conducting the criminal investigation requested; or not.

Failing your investigation or refusal, as stated, I will pursue the matter & immediately institute a Private Criminal Indictment against Sutton under the:

CRIMES ACT 1914 - SECT 13 Institution of proceedings in respect of offences

CRIMES ACT 1914 - SECT 13

Institution of proceedings in respect of offences

Unless the contrary intention appears in the Act or regulation creating the [offence](#), any person may:

(a) institute [proceedings](#) for the commitment for trial of any person in respect of any [indictable offence](#) against the law of the Commonwealth;
or

(b) institute [proceedings](#) for the summary conviction of any person in respect of any [offence](#) against the law of the Commonwealth punishable on summary conviction.

Vincent Rizzo Detective Senior Constable 40491 Moreland Crime Investigation Unit Victoria Police

Mr. Rizzo,

You are the first defendant in the High Court of Australia Solihin Millin criminal case citing you as defendant, currently proceeding as follows:

<http://vaxrisk.org/CONSTITUTION.pdf>

As you note under, I am an aggrieved citizen by unlawful directions by Chief Health Officer Brett Sutton, and my accusations are herein now made that Sutton has, inter alia, committed criminal acts of the following, but not limited to:

- **False and Misleading Reports and Information**, [Criminal Code Act 1995 Division 137—False or misleading information 137.1, False or misleading information 424, 137.1A, Aggravated offence for giving false or misleading information 425, 137.2 False or misleading documents.](#)
- **Interference with the exercise or performance of an Australian democratic or political right or duty; and the Constitution or a law of the Commonwealth. Penalty: Imprisonment for 3 years.** [Criminal Code Act 1995: 83.4 Interference with political rights and duties. \(1\) A person commits an offence if: \(a\) the person engages in conduct; and \(b\) the conduct involves the use of **force or violence, or intimidation, or the making of threats of any kind; and \(c\) the conduct results in interference with the exercise or performance, in Australia by any other person, of an Australian democratic or political right or duty; and \(d\) the right or duty arises under the Constitution or a law of the Commonwealth. Penalty: Imprisonment for 3 years.**; AND](#)
- **Misfeasance In Public Office**, the tort of misfeasance in public office in an unauthorised and ultra vires exercise of government powers or functions.

Apart from the numerous criminal acts cited and others, among the unlawful and criminal actions and failures Sutton is guilty of, (as Sol Millin cites in his Notice of Constitutional Matter); **the focus of my request to you is as follows:**

- **Chief Health Officer Brett Sutton ‘falsely declared’ a PANDEMIC, BY False & Misleading Reports and Information, by repeated numerous criminal acts of commission and omission; a violation of Criminal Code Act 1995 Division 137—False or misleading information 137.1, False or misleading information 424, 137.1A, Aggravated offence for giving false or misleading information 425, 137.2 False or misleading documents**

NB: The Australian government DID NOT declare a PANDEMIC! It only declared a PANDEMIC ‘POTENTIAL’; only Brett Sutton FALSELY and REPEATEDLY declared a pandemic; and provided no science to prove this.

There is only ONE Federal overriding legal obligation upon Sutton in a national PANDEMIC emergency, and that is MANDATED by the [Australian Health Management Plan for Pandemic Influenza](#).

THIS LEGAL OBLIGATION, DEMANDS Sutton devise science-based medical responses where he is obliged to do scientific-epidemiological-pandemic studies to PROVE A PANDEMIC & CATASTROPHIC DEATH-RISK EXISTS OR IS IN CONTROL OR OUT OF CONTROL; he did none!

HIS BREACH OF LAWFUL OBLIGATIONS ARE AS FOLLOWS:

The Chief Health Officer is lawfully bound to implement:

- **the use of existing systems and governance mechanisms, particularly those for seasonal influenza.**
- **evidence-based decision making.**
- **monitor the emergence of diseases with pandemic potential and investigating outbreaks if they occur.**
- **identify and characterise the nature of the disease.**
- **ensure a proportionate response.**

ALL OF THESE LAWFUL OBLIGATIONS ARE VIOLATED by Sutton; and no such scientific-epidemiological studies to PROVE a pandemic & catastrophic death-risk exists, have been conducted by Sutton as lawfully required.

Furthermore, ANY epidemiological-health risk and/or pandemic now, and particularly truer in January-March 2020, when this ‘alleged’ risk and pandemic was merely inferred, THEN AND NOW; THERE WAS/IS:

- no ‘Hard-evidence’ of Mass-scale actual lethal pathogen existence, such as new/novel Ebola, Cholera, Bubonic Plague etc. OR lethal NEW/NOVEL **alleged** Corona Virus:
- no ‘Hard-evidence’ of Mass-scale exponential growth of pathogens
- no ‘Hard-evidence’ of exponential growth of mass-contagions,
- no Hard-evidence’ of exponential growth of mass-virulence,
- no Hard-evidence’ of exponential growth of mass-infections,

- no 'Hard-evidence' of exponential growth of mass-deaths,
- no 'Hard-evidence' of exponential growth of mass-decline in recoveries recorded at all.

There is only ONE definitive procedure that **MUST be conducted** in ANY determinant of a pandemic Pathogen existing, which is the internationally accredited [Koch's Postulates Test](#). Koch's postulates are as follows:

- The bacteria must be present in every case of the disease.
- The bacteria must be isolated from the host with the disease and grown in pure culture.
- The specific disease must be reproduced when a pure culture of the bacteria is inoculated into a healthy susceptible host.
- The bacteria must be recoverable from the experimentally infected host.

Chief Health Officer not only **DID NOT EVER conduct one test he was lawfully bound to test**, a breach of his obligations under the [Australian Health Management Plan for Pandemic Influenza](#), but this man **IGNORED** the FACT that SARS, MERS, Cold, Flu, viruses are 'ALL' proven to exist by the definitive Koch's Postulates Gold Standard; **but COVID-19 DOES NOT EXIST under this test! The man is conducting criminal acts.**

Chief Health Officer Sutton has committed criminal acts of False and Misleading Reports and Information, Misfeasance In Public Office, Failed Scientific Guidance, **and interference with the exercise or performance of an Australian democratic or political right or duty, and the Constitution or a law of the Commonwealth.**

I am a severely impacted party where my business has been totally destroyed by this criminal Sutton. There is no PANDEMIC and never has been one. This man recently declared the 'DEADLY' Delta variant exists and the current Australian statistics reveal there has been **ZERO-DEATHS from Covid in over seven months!!** This is ALSO False and Misleading information, a Criminal Offence!

Lawful court subpoena (Criminal Perjury-Bound) Discovery will be sought of ALL the government studies Sutton has done or has failed to release when requested, proving criminal acts and failings cited above:

As a massively damaged Victorian citizen by Sutton's lies, fraud, False and Misleading Information and other criminal Offences, I demand you immediately charge Sutton with these Criminal Offences as cited above.

I do not wish a prolonged false investigation by you or the State Government issuing these fraudulent response measures you are perpetrating. I wish an IMMEDIATE response from you if you will NOT investigate this matter as demanded if that is your decision.

Failing your intention to act and advise me as requested, I will immediately institute a Private Criminal Indictment against Sutton under the:

CRIMES ACT 1914 - SECT 13 Institution of proceedings in respect of offences

CRIMES ACT 1914 - SECT 13

Institution of proceedings in respect of offences

Unless the contrary intention appears in the Act or regulation creating the [offence](#), any person may:

- (a) institute [proceedings](#) for the commitment for trial of any person in respect of any [indictable offence](#) against the law of the Commonwealth;
or
(b) institute [proceedings](#) for the summary conviction of any person in respect of any [offence](#) against the law of the Commonwealth punishable on summary conviction.

Brett Sutton Chief Health Officer & Premier Daniel Andrews Victoria Australia

CC: Vincent Rizzo Detective Senior Constable 40491.

Messrs Sutton, & Andrews,

the High Court of Australia case is currently legally proceeding in a Solihin Millin criminal case against you both, as defendants, as follows:

<http://vaxrisk.org/CONSTITUTION.pdf>

You have inter alia, committed criminal acts of False and Misleading Reports and Information, Misfeasance In Public Office, and interference with the exercise or performance of an Australian democratic or political right or duty; and the Constitution or a law of the Commonwealth. Penalty: Imprisonment for 3 years. [Criminal Code Act 1995](#): 83.4 Interference with political rights and duties.

- (1) A person commits an offence if: (a) the person engages in conduct; and (b) the conduct involves the use of force or violence, or intimidation, or the making of threats of any kind; and
(c) the conduct results in interference with the exercise or performance, in Australia by any other person, of an Australian democratic or political right or duty; and
(d) the right or duty arises under the Constitution or a law of the Commonwealth. Penalty: Imprisonment for 3 years.

Apart from the criminal acts cited, among the unlawful and criminal actions and failures you are guilty of, (as Sol Millin cites in his Notice of Constitutional Matter) include but not restricted to are:

1. Chief Health Officer Brett Sutton 'falsely declared' a PANDEMIC, BY False & Misleading Reports and Information, a criminal acts of commission and omission.

NB: The Australian government DID NOT declare a PANDEMIC! It only declared a PANDEMIC 'POTENTIAL'

The [Australian Health Management Plan for Pandemic Influenza](#) DEMANDS Sutton devise responses where he is obliged to do scientific-epidemiological studies to PROVE a pandemic & catastrophic death-risk exists as follows:

- the use of existing systems and governance mechanisms, particularly those for seasonal influenza.
- evidence-based decision making.
